

## **CSR POLICY**

Jamshedpur Continuous Annealing & Processing Co. Pvt. Ltd. continuously strives to conduct its business responsibly, mindful of its social accountability, respecting applicable laws and with regard for human dignity. The Company's long-term CSR objective is "to improve the quality of life of the communities we serve through long term value creation for all stakeholders", which is in alignment with the Tata Group Core Purpose.

The Company shall allocate at least 2% of its average net profits before taxes of the preceding three years, towards CSR activities to sustain and improve a healthy and prosperous environment and to improve the quality of life of the communities it serves. Any surpluses arising out of CSR projects or programmes or activities shall be re-deployed back into CSR activities and will not form a part of the business profits of the Company.

The Company shall positively impact and influence its employees and partners in fostering a sense of social commitment for their stakeholders.

### **Focused Geographic Spread**

Jamshedpur Continuous Annealing & Processing Co. Pvt. Ltd.'s focus areas for developmental activities will be in urban as well as rural areas in the states in which it is located.

The Company may also support initiatives in other geographies, as approved by the CSR Committee of the Board, from time to time.

While we will ensure that all communities benefit from our CSR activities, we would focus on those groups that are socially and economically marginalized. These would include women, girl children and scheduled castes and tribes.

### **CSR Focus Areas**

Jamshedpur Continuous Annealing & Processing Co. Pvt. Ltd.'s CSR in alignment with the Tata Group focus initiatives (Skills, Water, Governance, Education) will focus on four thrust areas – Education, Health, Livelihoods and Rural and Urban infrastructure. Besides, it will also undertake Interventions in the areas of sports, disaster relief, environment and ethnicity etc (typical list provided as **Annexure A**, though not exhaustive), all aimed at improving the quality of life of the communities.

**Annexure B: Guiding Principles for CSR**

- **Impact** – All CSR initiatives will have well-defined KPIs to measure impacts on target groups. For high impact projects, there will be independent, third-party assessments and feedback will be a key input for redesign and / or rollout of further initiatives.
- **Partnerships** – The Company will forge collaborations with business partners, other Tata Group companies and like-minded corporate organizations, funding agencies, non-government organizations, community based organizations, Governments and Government organizations, based on well-defined selection criteria. Partners will bring in complementary resources, expertise and influence which would be leveraged to force-multiply the company's CSR initiatives.

The Company will engage closely with **Tata Trusts** and work jointly on projects which are aligned to Tata Steel's CSR strategy and in its operational areas. Tata Steel will also leverage the products and services of Tata group companies for its CSR initiatives in alignment with its CSR strategy.

- **Affirmative Action** – The Company will design targeted interventions for Scheduled Castes and Scheduled Tribes to promote Education, Employability, Employment and Entrepreneurship. The Company will also work on promoting Ethnicity to preserve the cultural fabric of these communities.
- **Volunteerism** – The Company is committed to providing opportunities to its employees, their families and the larger ecosystem to engage in volunteering activities that will benefit the communities in which they live and work, and at the same time, support Company's own CSR efforts. This will not only deepen local community connect but will also leverage in-house skills in addressing social challenges, thereby creating both social and business impacts.
- **Communication** – The Company will have a two-way communication channel, so that the stakeholders' needs, expectations and aspirations can be mapped and their feedback and satisfaction levels can be obtained and assessed for the purpose of design and improvement of initiatives.
- **Innovation** – The Company will endeavour to develop innovative solutions to solve seemingly intractable social problems. These will encompass technology, as well as models for sourcing, partnering and delivery of initiatives.
